

SECTION 1.1

1.1 Basic Principles

1. **Angle is primary, distance is secondary.** While this mechanics manual does not always delve into specifics of where an umpire should take a play, know this: With only one umpire, you're not going to be able to get as close as you'd like on some plays. Work to get a good angle.
2. **The plate umpire (PU)** will move and trailing batter-runner to look for a pulled foot and swipe tags at first base...look for illegal slides at second base...covering plays at third base...the PU is responsible for much more than balls and strikes.
3. **Basic Principles:** Be stopped and set for calls. Fair/Foul first, then Catch/No Catch. Hustle *appropriately*. Timing - See it...decide it...signal it.

1.2 Balk Concentration

PU should concentrate on:

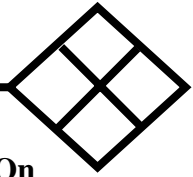

- 1) Left-handed pitchers stepping to home plate.
- 2) Left-handed pitchers coming to a complete stop.
- 3) Right-handed pitchers coming to a complete stop.
- 4) Right-handed pitchers stepping to the plate on the third to first move.
- 5) Right-handed pitchers gaining ground on the jump turn.
- 6) Right-handed pitchers closing their front shoulder before the jump turn.
- 7) Right-handed pitchers breaking their front knees before the jump turn.

1.3 Basic Outfield Coverage

A. Move out, read on the go and react/move to adjust your angle.

Be stopped when the play occurs!

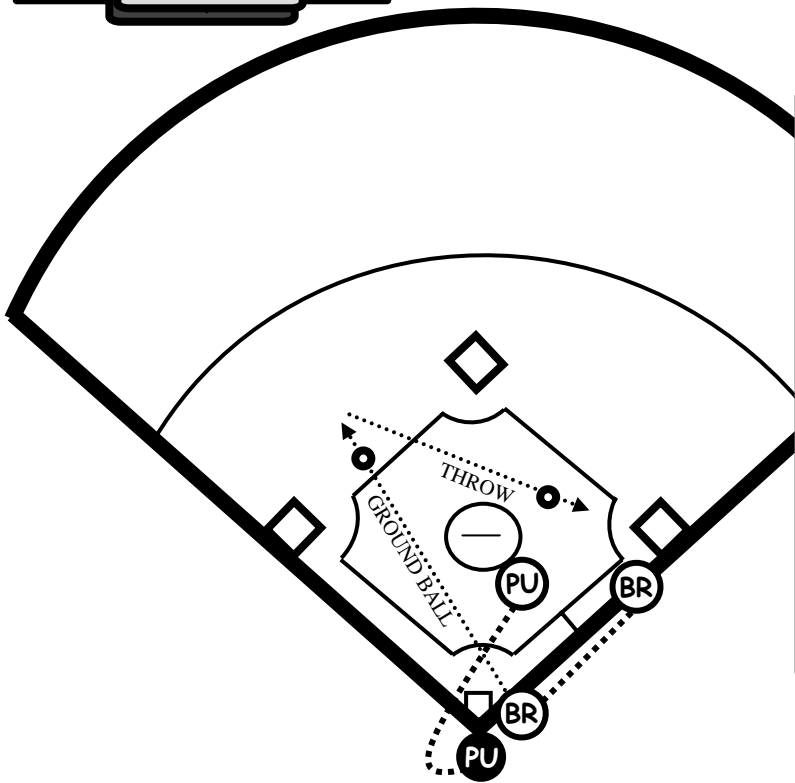

Plays Within the Infield

1

Man Mechanics

1.3.1 No Runners On

Action on the field:

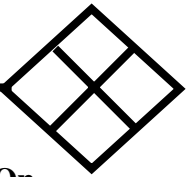

Ground ball to shortstop, throws to first base.

Umpire responsibilities:

PU enters the infield first base side and observes the play and rules on batter-runner.

PU looking for pulled foot and swipe tags at first base.

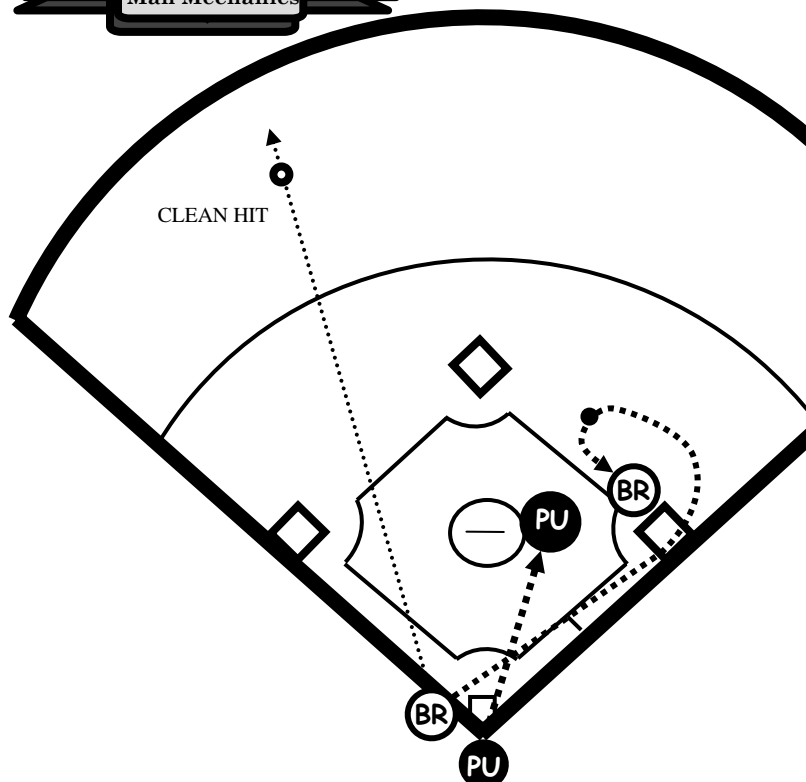

Clean Hit to the Outfield

1

Man Mechanics

1.3.2 No Runners On

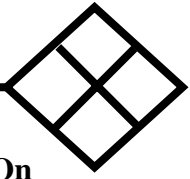

Action on the field:

A clean hit to the outfield.

Umpire responsibilities:

PU moves to the 1B side of the mound and observes the play develop, ready for a play on the BR at 1B or 2B.

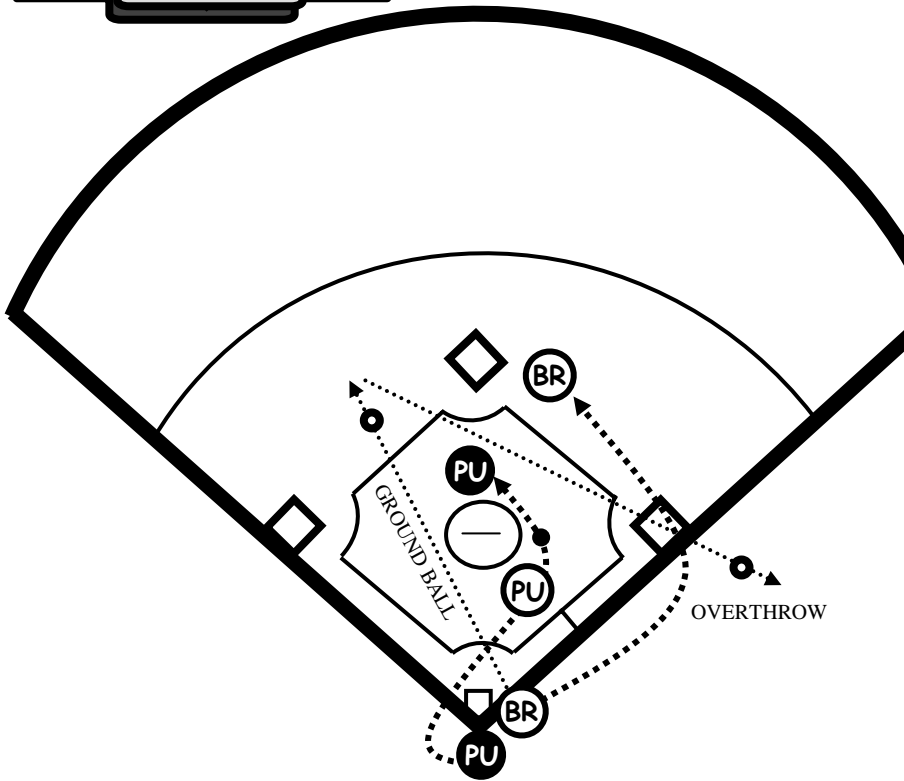

Plays Within the Infield: Overthrow

1

Man Mechanics

1.3.3 No Runners On

Action on the field:

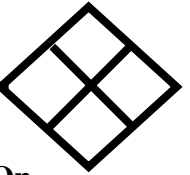

Ground ball to shortstop, overthrown to first base.

Umpire responsibilities:

Since the ball is overthrown at first base, PU enters the infield and looks at the touch at first base by the batter-runner, and has all plays on the bases.

PU observes the ball and rules if it enters dead-ball territory, moving to second base if necessary.

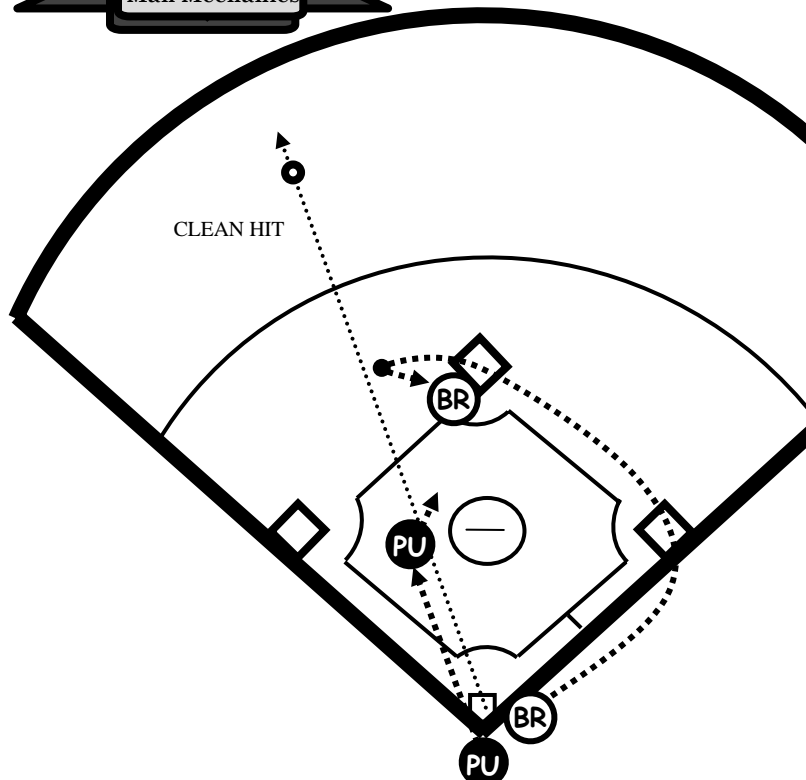

Clean Hit to the Outfield

1

Man Mechanics

1.3.4 No Runners On

Action on the field:

A clean hit to the outfield.

Umpire responsibilities:

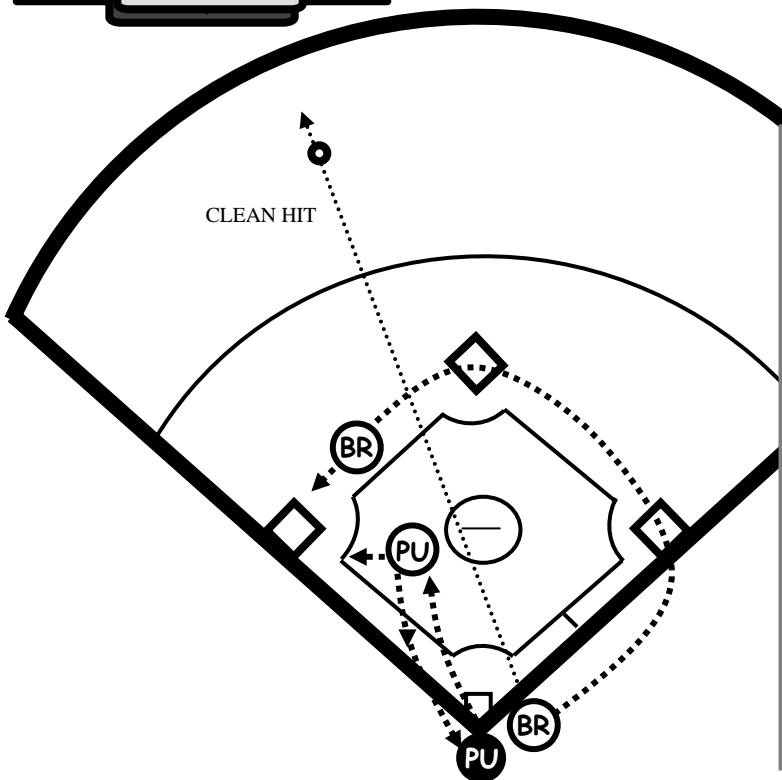

PU enters the infield and prepares for all plays on the batter-runner at second base.

Clean Hit to the Outfield: Extra Bases

1

Man Mechanics

1.3.5 No Runners On

Action on the field:

A clean hit to the outfield is misplayed, resulting in extra bases.

Umpire responsibilities:

PU enters the infield looks at the touch at first and second base on batter-runner and prepares for all plays on the batter-runner at third base.

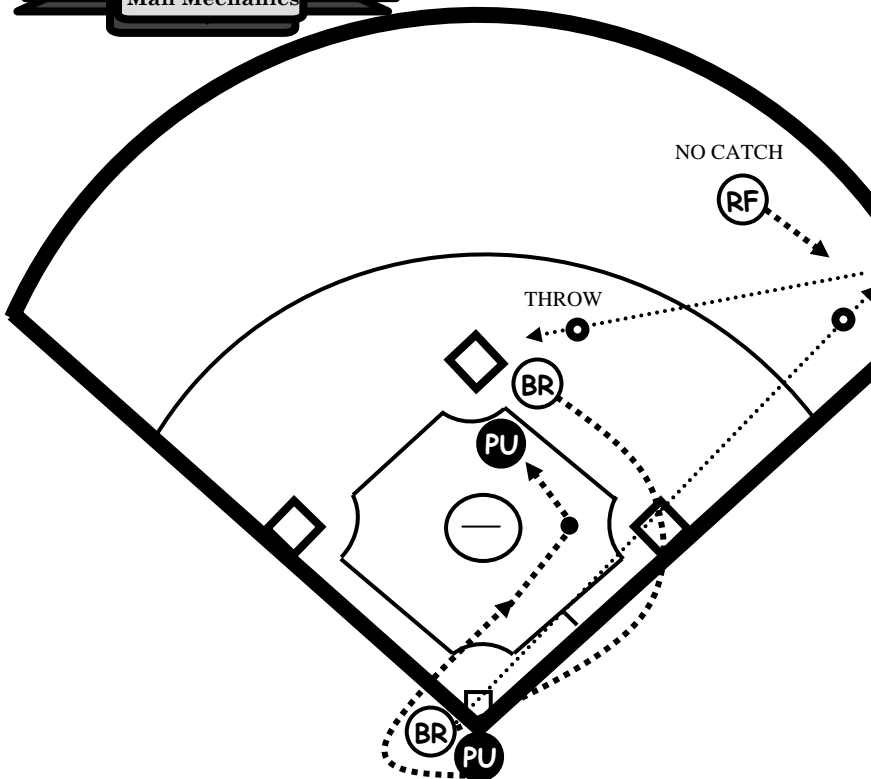

PU observes the outfield coverage and returns to home plate if there's any play there.

Fly Ball to Right Field: No Catch

1

Man Mechanics

1.3.6 No Runners On
